Choice of Leadership:

AdventureServe Staff are trained and ready to begin leading all aspects of your mission experience. However, group leaders have a number of options allowing them to retain ownership of certain activities during the experience. The next few questions will help us to understand YOUR desired ownership of selected activities. Please circle your appropriate choice for each option. You will discuss the following options with the Trip Director prior to your trip, so please write any questions or comments below. (GL signifies group leader).
